Does your library provide DLA memberships for its staff? Consider an Institutional membership!

Institutional Memberships include unlimited job advertising on DLA's website. (Non-institutional members are charged \$25 per job posting.)

Sustaining and Substantial levels include library staff memberships (up to Professional Level Membership), with no additional charge. DLA members enjoy reduced registration fees for conference and other events, listserv access, involvement as leaders, and more.

\$50.00 Sustaining, provides 2 DLA memberships. Complete Staff Membership Information on separate forms.

\$100.00 Substantial provides 4 DLA memberships (*Especially recommended for libraries with budgets that exceed \$1,000,000, but can be selected by any library.*) Complete Staff Membership information on separate forms.

**Now, choose your preferred Divisions, Committees and Groups**

DLA Membership does not restrict you from adding any Division, Committee or Group from your membership interests. Divisions, Committees and Groups target the varied but unique goals of library sectors.

**DLA Divisions/Groups** (See the [DLA website](#) under “Divisions and Groups” for descriptions):

Membership in one DLA Division or Special Interest Group is included in dues. **Please add \$5.00 for each additional Division or Group membership.** (Committees can be added at no additional charge.)
