

DLA Archives Committee Update:

~Within a week or two, I will be going through the DLA archival documents to see what is all there and what may be featured on the DLA website

~Cathay suggested featuring the past presidents of the DLA on the website, so I will be going through the records to locate and organize the past presidents' files

~I also have contacted Sarena Deglin to be able to get an idea of how to successfully fulfill my tasks and to see what she did in terms of records management

~If anyone else has any other suggestions, I'm all ears! :)

Thank you and please let me know if there are any questions or concerns!

-Marissa Parker
