

## DLA Silent Auction Report 2018

The Silent Auction was a success in 2017 and we hope for the same for 2018. These are the highlights of what has happened this year and some practical matters that need to be addressed:

### Accomplishments:

- We have 34 donations this year — eight (8) more than last year
- Most individuals have been diligent about sending in the form in a timely manner
- Most of the divisions have created and donated items
- Many individuals have created and donated items
- Many Friends groups have created and donated items
- The donated items are creative and of assorted themes
- The donated items are priced to sell

### Hindering Factors:

- There is not a Silent Auction committee, per se, just a Chair
- Manning the Silent Auction is an onerous job, if it is just one person
- We need to foster a reason for volunteers to want to be part of the Silent Auction

Hopefully, next year's Silent Auction can be made into a committee with assorted duties to various volunteers.

Respectfully submitted,

Kay Bowes  
DLA Silent Auction Chair
