

DLA Archives Committee Report
Executive Board Meeting - July 24, 2018
Committee Chair: Marissa L. Parker

Current Work

- Organizing DLA documents by re-folding, labeling the contents, and re-boxing the records into archival storage containers
- Scanning past DLA Bulletins, so the documents can be accessible through the Delaware Heritage Collection
- Getting in touch with fellow committee members to see what ideas can be heard and potentially performed

Current Issues

- While scanning past DLA Bulletins, I, Marissa Parker noticed that some of the Bulletins had personal addresses. While the Bulletins being currently scanned are from the 1950s - 1980s, should the DLA put a privacy policy in place for personal addresses or other potentially confidential information?

Future Work

- Continuing to place DLA Bulletins onto the Delaware Heritage Collection
- Decide what other records can be featured on the website(s)
